

Frontend Development Services

by Shruti Sharma

Hello! I'm Shruti Sharma, a passionate and dedicated Frontend Developer. As a fresher, I bring a fresh perspective and the latest knowledge in web development technologies. My primary goal is to create responsive, user-friendly web interfaces that provide an excellent user experience across various devices.

My Services

1. Responsive Web Design

I specialize in designing websites that adapt seamlessly to any screen size, ensuring a smooth and engaging user experience on desktops, tablets, and smartphones.

2. HTML5 Development

Using the latest HTML5 standards, I create clean, semantic, and well-structured web pages that are not only visually appealing but also optimized for search engines.

3. CSS Styling

With a keen eye for design, I utilize CSS to style web pages, making them attractive and consistent with your brand's identity. I am proficient in using CSS frameworks like Bootstrap to speed up the development process.

4. JavaScript Interactivity

To make your website dynamic and interactive, I leverage JavaScript. Whether it's form validation, animations, or fetching data from APIs, I ensure your website is engaging and functional.

Why Choose Me?

1. Fresh Perspective

As a fresher, I bring the latest knowledge and trends in frontend development. My approach is modern, innovative, and tailored to meet current web standards and user expectations.

2. Dedication and Eagerness to Learn

What I lack in experience, I make up for with my dedication and eagerness to learn. I am committed to continuous improvement and staying updated with the latest technologies and best practices.

3. Attention to Detail

I pay close attention to every detail to ensure that your website is not only functional but also aesthetically pleasing. I strive for perfection in every aspect of the design and development process.

4. Affordable Rates

As I am at the beginning of my career, I offer my services at competitive and affordable rates. This allows you to get high-quality frontend development without breaking the bank.

5. Collaborative Approach

I believe in working closely with my clients to understand their vision and goals. Your feedback is invaluable, and I ensure that the final product aligns with your expectations.

Technologies I Use

- **HTML5**
- **CSS3**
- **JavaScript (ES6+)**
- **React**
- **Git/GitHub for Version Control**

I'm excited to collaborate with you on your next project! Let's work together to create a stunning and functional website that meets your needs. Feel free to reach out to me for any inquiries or to discuss your project requirements.
